

CareFirst BC/BS Dental & Vision Insurance Pre-Tax Payroll Deductions per Bi-Weekly Pay Period

In order to calculate the correct payroll deductions for Dental and Vision coverages use the rate table below for the plans offered. There are no age factors for Dental and Vision insurance, as with the Health Insurance. You can enroll or waive in either line of coverage (dental and/or vision) – if you enroll in dental you do not have to enroll in vision or vice-versa. You can also enroll in both coverages and/or waive both coverages.
